

## ACCOMMODATION FOR EXCHANGE STUDENTS

Academic Year 2016/17

Metropolitan University Prague does not provide students with accommodation. During their studies at MUP, exchange students usually stay at private student residences (dormitories) located in the vicinity of the university buildings or in areas easily accessible by public transport. Other options include renting a studio or a room in dormitories of Prague public universities, or sharing an apartment together with other students.

Be aware that ads in English are often targeted at foreigners who can afford to pay more than the usual local price.

If you are asked to send a deposit to secure your reservation before you see the apartment or sign a lease, try to collect as much information as you can about the owner (or person who rents it) and the property before sending money anywhere. If anything seems to you suspicious, better choose another flat to avoid getting scammed.

## DORMITORIES OF PUBLIC UNIVERSITIES
